

STANTEC'S URBAN PLACES

Urban Planning Intern

Job Title: 32652
Job Location: Boston-MA-US
Number of Positions: 1
Discipline: Community Development

Overview:

We design downtown revitalization plans, resiliency plans, transportation corridors, streetscapes, and transit-oriented developments. Stantec's Urban Places is the place where great ideas and rewarding careers happen. Our highly experienced, multi-disciplinary team specializes in urban design; integration of architecture, street design, public space design, and sustainability with urban planning; bicycle, and pedestrian-oriented planning. We connect the people, places, and resources that take a project from concept to reality.

Responsibilities:

Interns are encouraged to develop their skills while supporting our team with new project proposals, existing conditions analysis, concept design, and production of analysis and presentation documents, and project presentation graphics.

Qualifications:

Applicant should be a current student or recent graduate of an accredited Bachelor's or Master's Degree urban architecture or urban planning oriented program. We are seeking interns with excellent design, graphic, computer, writing, and technical skills, and who are self-motivated and passionate about design. The ideal candidate should have strong time management, critical thinking, and organizational skills, and have the ability to work with others, as well as independently. Experience with AutoCAD, Microsoft Office, SketchUp, and the Adobe Creative Suite is essential.
